	Minimum	***Maximum***	***Minimum***	***Maximum***	***Minimum***	***Maximum***
1	Not valid before 6 wks of age	By 3 mos of age	Not valid before 6 wks of age	By 3 mos of age	Not valid before 1st birthday	By 16 mos of age
2	1 mo after #1	3 mos after #1	1 mo after #1	3 mos after #1		
3	1 mo after #2	3 mos after #2	1 mo after #2	1 yr after #2		
4	4 mos after #3	1 yr after #3				
	An additional dose is required if minimum spacing requirements are not met. A child who has received 6 or more doses does not require more, regardless of spacing.		An additional dose is required if minimum spacing requirements are not met.		An additional dose is required if minimum spacing requirements are not met.	

For compliance purposes:

Age = age in calendar weeks or months (*e.g.*, "by 6 wks of age" or "by 2 mos of age")
Interval between doses calculated as 28 days = 1 month

"Maximum" (under "Required Spacing") - refers to the maximum time period before a child who has not completed the required number of doses would be "out of compliance." Doses received *after* the "maximum" intervals are medically acceptable and bring the child back into agreement with compliance standards.

"Kindergarten" - For the purposes of these guidelines, a "child in kindergarten" is one who was born prior to September 2 at least five years prior to kindergarten entry. For example, a child entering kindergarten in 2017 must have been born before September 2, 2012. Definition follows kindergarten age criteria established by the Alaska Department of Education and Early Development.
