Event Liability Coverage

Tenant User Liability Insurance Program (TULIP)

What is the TULIP Program?

The TULIP Program, from OneBeacon Insurance, provides low cost general liability insurance to "third party" users of various public facilities for events. It protects both the user and the facility against claims by guests who may be injured while attending or participating in an event. Events covered by the TULIP program may range from seminars, receptions, and weddings, to sporting events and concerts.

The premium for this coverage is based upon the risk associated with the given event or activity, the number of days coverage is needed, the number of attendees, and if there are any special requirements, such as alcohol liability, food service, etc.
